Conforms to EU Directive 91/155/EEC, as amended by 2001/58/EC - United Kingdom (UK)

# SAFETY DATA SHEET

# **Bordetella Selective Supplement**

#### 1. Identification of the substance/preparation and company/undertaking

Identification of the substance or preparation

: Bordetella Selective Supplement Code **Product name** PL.580 Trade name : Bordetella Selective Supplement

PL.580-1.0 Bordetella Selective Supplement

Use of the : Bordetella Selective Supplement is an antibiotic supplement used to enhance the substance/preparation

transport and culture of Bordetella pertussis.

Company/undertaking identification

Supplier/Manufacturer : Pro-Lab Diagnostics

20 Mural Street, Unit 4 Richmond Hill, ON Canada L4B 1K3 Tel: +1-905-731-0300 Fax: +1-905-731-0206 www.pro-lab.com

Emergency telephone number: +44 (0)151 353 1613 -Monday to Friday 9:00 am to 5:00 pm.

+44 (0)7714 429 646 -Outside the above hours.

#### 2. Composition/information on ingredients

Substance/preparation : Preparation

Ingredient name	CAS number	%	EC number	Classification
Phosphoric acid, sodium salt Cefalexin			231-448-7 239-773-6	Xi; R36/37/38 R42/43
See section 16 for the full text of the R-phrases declared above				

Occupational exposure limits, if available, are listed in section 8.

#### 3. Hazards identification

The preparation is classified as dangerous according to Directive 1999/45/EC and its amendments.

Classification : Xi; R36/37/38

R42/43

**Human health hazards** : Irritating to eyes, respiratory system and skin.

May cause sensitisation by inhalation and skin contact.

See section 11 for more detailed information on health effects and symptoms.

#### 4. First-aid measures

**First-aid measures** 

Date of issue

**Eye contact** : Check for and remove any contact lenses. In case of contact with eyes, rinse immediately with plenty of water. Obtain medical attention if symptoms occur.

: Wash with soap and water. Obtain medical attention if symptoms occur. Skin contact

: If inhaled, remove to fresh air. If not breathing, give artificial respiration. Get medical Inhalation

attention if symptoms appear.

: Do not induce vomiting. Never give anything by mouth to an unconscious person. Ingestion

Get medical attention if symptoms appear. **Protection of first-aiders** 

No action shall be taken involving any personal risk or without suitable training. If it is suspected that fumes are still present, the rescuer should wear an appropriate mask or self-contained breathing apparatus. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.

Page: 1/4

See section 11 for more detailed information on health effects and symptoms.

#### 5. Fire-fighting measures

# **Extinguishing media**

Suitable

: Use an extinguishing agent suitable for the surrounding fire.

Not suitable

: None known.

**Special exposure hazards** 

**Hazardous thermal** decomposition products

**Special protective** equipment for fire-fighters : No specific hazard.

: These products are carbon oxides, nitrogen oxides, sulphur oxides, phosphates. Some metallic oxides.

: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure

#### 6. Accidental release measures

**Personal precautions** 

: Immediately contact emergency personnel. Keep unnecessary personnel away. Use suitable protective equipment.

**Environmental precautions** 

: Avoid dispersal of spilled material, runoff and contact with soil, waterways, drains and sewers.

Methods for cleaning up

If emergency personnel are unavailable, vacuum or carefully scoop up spilt material and place in an appropriate container for disposal by incineration. Avoid creating dusty conditions and prevent wind dispersal.

#### 7. Handling and storage

Handling

: Avoid contact with eyes, skin and clothing. Keep container closed. Use only with adequate ventilation. Do not breathe dust. Wash thoroughly after handling.

**Storage** 

: Keep container closed. Keep container in a cool, ventilated area. Storage temperature: 2-8°C (36-46°F).

**Packaging materials** 

Recommended : Use original container.

#### 8. Exposure controls/personal protection

# Ingredient name

Occupational exposure limits

Phosphoric acid, sodium salt

EU OEL (Europe).

TWA: 10 mg/m<sup>3</sup> 8 hour(s). Form: Particulate. TWA: 3 mg/m<sup>3</sup> 8 hour(s). Form: Respirable

procedures

**Recommended monitoring**: If this product contains ingredients with exposure limits, personal, workplace atmosphere or biological monitoring may be required to determine the effectiveness of the ventilation or other control measures and/or the necessity to use respiratory protective equipment. Reference should be made to European Standard EN 689 for methods for the assessment of exposure by inhalation to chemical agents and national guidance documents for methods for the determination of hazardous substances.

# **Exposure controls**

**Occupational exposure** controls

: Use only with adequate ventilation. If user operations generate dust, fumes, vapour or mist, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits.

Skin protection

Safety glasses.

: Lab coat.

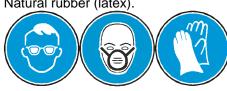

**Respiratory protection** 

: Disposable particulate mask

**Hand protection** 

Date of issue

Natural rubber (latex).

: 06/30/2006 Authored by KEMIKA Page: 2/4

# Bordetella Selective Supplement

**Hygiene measures** 

: Wash hands, forearms and face thoroughly after handling compounds and before eating, smoking and using the lavatory and at the end of the day. During formulation,

follow good industrial hygiene practice.

**Environmental exposure** controls

Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

#### 9. Physical and chemical properties

### **General information**

**Appearance** 

**Physical state** : Solid. : White. Colour

## Important health, safety and environmental information

pН : Neutral.

**Melting point** : 1000°C (1832°F) based on data for: Phosphoric acid, sodium salt.

: The highest known value is <0.01 kPa (<0.1 mm Hg) (at 20°C) (Phosphoric acid, Vapour pressure

sodium salt).

**Relative density** : Weighted average: 1.64 (Water = 1) : Partially soluble in cold water, hot water. Solubility

#### 10. Stability and reactivity

**Stability** : The product is stable.

Materials to avoid : Reactive with oxidizing materials and acids.

#### 11. Toxicological information

### Potential acute health effects

Inhalation : Irritating to respiratory system. May cause sensitisation by inhalation.

: No known significant effects or critical hazards. Ingestion

**Skin contact** : Irritating to skin. May cause sensitisation by skin contact.

**Eye contact** : Irritating to eyes.

**Acute toxicity** 

Product/ingredient name	Test	Result	Route	Species
Phosphoric acid, sodium salt	LD50	>2000 mg/kg	Oral	Rat
·	LD50	>5000 mg/kg	Dermal	Rabbit
Cefalexin	LD50	1495 ma/ka	Oral	Mouse

# Potential chronic health effects

Carcinogenicity No known significant effects or critical hazards. Mutagenicity : No known significant effects or critical hazards. Reproductive toxicity : No known significant effects or critical hazards.

# Over-exposure signs/symptoms

Inhalation : No known significant effects or critical hazards. Ingestion : No known significant effects or critical hazards. Skin : No known significant effects or critical hazards.

#### 12. **Ecological information**

**Mobility** : Not available.

Date of issue : 06/30/2006 Page: 3/4

Authored by KEMIKA

#### 13. **Disposal considerations**

**Methods of disposal** 

: The generation of waste should be avoided or minimized wherever possible. Avoid dispersal of spilled material, runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional and local authority requirements.

**Hazardous waste** 

The classification of the product may meet the criteria for a hazardous waste.

#### 14. Transport information

# Regulatory information

UN/ IMDG/IATA / ADNR/ADR : Not regulated.

#### 15. Regulatory information

# **EU** regulations

Hazard symbol/symbols

Risk phrases

R36/37/38- Irritating to eyes, respiratory system and skin.

R42/43- May cause sensitisation by inhalation and skin contact.

Safety phrases

: S22- Do not breathe dust. S24- Avoid contact with skin. S37- Wear suitable gloves.

S45- In case of accident or if you feel unwell, seek medical advice immediately (show

the label where possible).

**Contains** 

: Phosphoric acid, sodium salt 231-448-7 Cefalexin 239-773-6

**Product use** 

: Classification and labelling have been performed according to EU Directives 67/548/EEC and 1999/45/EC (including amendments) and the intended use.

- Industrial applications.

Other EU regulations

EU statistical classification: 32089091

(Tariff Code)

#### 16. Other information

**Full text of R-phrases** referred to in sections 2 and 3 - United Kingdom (UK)

: R36/37/38- Irritating to eyes, respiratory system and skin.

R42/43- May cause sensitisation by inhalation and skin contact.

**Full text of classifications** referred to in sections 2 and 3 - United Kingdom (UK)

: Xi - Irritant

### History

: 06/30/2006 Date of issue

Version : 1

## Notice to reader

Date of issue

To the best of our knowledge, the information contained herein is accurate. However, neither the above-named supplier, nor any of its subsidiaries, assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
